What to Say to Kids Instead of "Be Careful!"

Help Your Child Foster Awareness by Saying:

- **Notice how...** these rocks are slippery, that branch is strong.
- **Do you see...** the poison ivy, your friends nearby?
- **Try moving...** your feet carefully, quickly, strongly.
- **Try using your...** hands, feet, arms, legs.
- **Can you hear...** the rushing water, the singing birds, the wind?
- **Do you feel...** stable on that rock, the heat from the fire?
- **Are you feeling...** scared, excited, tired, safe?

Help Your Child Problem Solve by Saying:

- **What's your plan...** if you climb that boulder, cross that log?
- **What can you use...** to get across, for your adventure?
- **Where will you...** put that rock, climb that tree, dig that hole?
- **How will you....** get down, go up, get across?
- **Who will...** be with you, go with you, help you if?
