QUALITY EARLY LEARNING

We're being rated!

Little Blessings is happy to announce that we will be being rated by Colorado Shines (the state's quality rating & improvement system for early care and learning programs) in March!

Why Colorado Shines?

The early years are a very important period for a child's learning and development. Quality early learning programs prepare children for kindergarten and success in school.

About Colorado Shines

Colorado Shines rates Colorado's early care and learning programs, connects families with quality programs, and helps early care and learning programs improve quality.

Colorado Shines rates the quality of Colorado's early learning programs, on a scale of 1 to 5, based on how well a program:

- Supports children's health and safety.
- Ensures staff are well-trained and effective.
- Provides a supportive learning environment that teaches children new skills.
- Helps parents become partners in their child's learning.
- Demonstrates good leadership and business practices.

We need your help! One of the requirements is that we have at least 70% of our parent body complete a survey about our school. That link will be shared with you here in the next week or so. It will only take a couple minutes to complete!
